WORLD SKULL BASE FOUNDATION

OUR STORY

World Skull Base was a concept unveiled in 2017 with the aim of providing a platform for both professionals and patients dealing with Skull Base pathology. In 2020, we transformed into a Section 8 company (NGO) and renamed as World Skull Base Foundation (WSBF).

The primary objective of WSBF is two-fold. Firstly, to bring together professionals involved with treatment of skull base pathologies to promote research, best practices and training in the subspecialty. Secondly, to provide support to patients suffering with skull base disorders.

World Skull Base Foundation is headquartered in the garden city of Bengaluru, Karnataka

World Skull Base Foundation is a Public Limited Company, under section 8 registered with the Central Government of India, under the Ministry of Corporate Affairs. A Section 8 Company is a legal entity for non-government or non-profit organizations.

WORLD SKULL BASE FOUNDATION OFFERS TWO MODES OF TRAINING
